

SPORTSMEN'S VOTING GUIDE

Courtesy of the ISRA Political Victory Fund

2008 will be a critical year for the future of your right to hunt, fish and own the firearms of your choice. If the wrong people get into office, kiss your rights goodbye. The ISRA-PVF has evaluated all the candidates running for state office in 2008 and has determined that the following people have your best interests in mind. Please vote for them. If you do not see your district listed, it means that either there is no race in that district, or that the candidates are equally good, or equally bad. As always, you should contact the candidates in your district and see where they stand on issues important to you!
